ROTARY CLUB OF ADELAIDE WEST NAMED AS MAJOR SPONSOR OF SALA ON HUTT

Local community group **Rotary Club of Adelaide West**, who meet weekly at the Public Schools Club has come to the aid of **SALA on Hutt** with a generous donation of \$2,500 to ensure the iconic event continues this year. President Gary Locke and coordinator Janice Argent were jumping for joy following the announcement and graciously accepted the cheque at this week's Rotary meeting.

Go to www.huttstreetprecinct.org.au for our full SALA ON HUTT program.

When Silvana Agostino from the **Mac Factory** read about the event crisis in the City Messenger she immediately picked up the phone and kindly donated \$1,000 to the event. As a new trader to Hutt Street she was looking forward to participating with artworks to compliment the "**Book Nook**" which is up and running. The culinary book shop is located inside the Mac Factory above the Post Office. Silvana said, "Melbourne, Sydney and New York all have one and now so do we! There's also a new addition to the Mac Factory. "The Conservatory" is fitted out next door as a communal table /additional seating area.

It's not too late to donate. All donations will be accepted with thanks and appreciation. Contact SALA on Hutt coordinator Janice Argent on 0415 226613.

Becoming Carbon Neutral makes Good Business Sense

Reducing the energy costs of business is vital at any time but even more so when trading conditions are tough. **Energy costs are predicted to double over the next 6 years.** So aiming to become carbon neutral makes perfect sense to businesses because you save money, you can market your business immediately as environmentally sensitive and ultimately market yourself as Carbon Neutral demonstrating leadership in your Precinct.

Dennis Hensman from Energy Efficient Building explained to President HSPA Gary Locke that many businesses can **save between 10 to 15% on energy bills** simply as a result of behavioural change by staff. Employees are not intentionally wasteful, but simply need to be educated.

Air conditioning is another major issue – setting the temperatures at the wrong setting is an expensive exercise – a rule of thumb is for every degree the setting is out the running costs increase by 10%.

Lighting solutions and window film are two other excellent and affordable solutions for energy reduction. See link below.

A Personal Invitation to Lunch

Newly elected President **Randolph Alwis of the Rotary Club of Adelaide West** would like to invite local traders and residents to attend a lunch meeting and learn about Rotary in your community.

Rotary club membership represents a cross-section of the community's business and professional men and women. The world's Rotary clubs meet weekly and are non-political, nonreligious, and open to all cultures, races, and creeds.

The main objective of Rotary is service — in the community, in the workplace, and throughout the world. Rotarians develop community service projects that address many of today's most critical issues, such as children at risk, poverty and hunger, the environment, illiteracy and violence. They also support programs for youth, educational opportunities and international exchanges for students, teachers, and other professionals, and vocational and career development. The Rotary motto is **Service Above Self**.

As a member of the Rotary Club of Adelaide West and coordinator of Hutt Street Precinct Association I cordially invite you to join me at the next meeting on Thursday, 12.30pm for 1pm start. You will meet some warm, friendly people in a relaxed atmosphere. Lunch is at the Public School's Club, corner of Carrington and East Terrace.

Please call me on mobile 04133 81728 or email yvonne@wowmanagement.com.au
